19" Mounting Kit Manual

AN: 201016

trivum®
smart multiroom

Before starting the installation it is necessary to unmount the brackets on the bottom of the enclosure which are screwed down with 4 torx screws.

1. Mount the brackets on each side.
2. Place the devices post covid tightly to each other and in the same direction, and install the mounting plate as shown in the picture.

The Kit Includes:

- 2x rack brackets
- 1x mount plate
- 8x screws.v
